Work Required to Gain Credit Points

(1) In order to complete a unit satisfactorily and to gain the number of credit points specified for that unit a candidate shall:

- (a) attend such classes;
- (b) complete such essays, exercises and practical work and sit for such tests and examinations; and
- (c) reach a satisfactory level of achievement in such essays, exercises, practical work, tests and examinations as may be determined by the Dean of the Division in which the unit is provided.

Where such candidate is personally unable to take the action required in such case by this Rule, some other person may take such action on the candidate's behalf.

(2) The Academic Senate, on the recommendation of the Dean of the Division in which the unit is provided (made after consideration of a request and supporting evidence submitted pursuant to Rule 9(1)), may in its discretion permit the candidate to sit for a special examination. A special examination shall be conducted by such means and on such date as determined by the Dean of Division, provided that the examination must be held not later than six weeks after the notification of examination results for the study period. In special circumstances, the

Academic Senate, on the recommendation of the Dean of Division, may determine a later date but before the commencement of the next succeeding regular examination period.

P Pass denotes performance which satisfies unit objectives

PC Conceded Pass denotes performance which meets unit objectives only marginally

In this case, the grade of a candidate is recorded as follows:

Satisfactory (S) which indicates that, subject to Rule 7(1), the candidate has completed the unit satisfactorily; or

Fail (F) which indicates that the candidate has failed to complete the unit satisfactorily.

(4) Where a candidate has undertaken a unit at another tertiary institution as part of the program of study, the grade for the candidate shall be recorded as follows:

Satisfactory (S) which indicates that the candidate has completed the unit satisfactorily; or

Fail (F) which indicates that the candidate has failed to complete the unit satisfactorily.

(5) The Academic Senate may determine the range of scaled marks which apply to the grades referred to above.

A candidate who is excluded, under this Rule, is deemed to have failed the unit.

(2) Where, notwithstanding a candidate's failure to comply with the requirements, the candidate is not excluded, the Academic Senate may, on the recommendation of the Dean of the Division in which the unit is provided, permit the candidate to meet the requirements for its satisfactory completion by such date as determined by the Dean of Division: provided that such date must be not later than 30 August in the same year for first-half year units and 30 January in the succeeding year for second-half year and full-year units. If a candidate claims that such discontinuance is due to unavoidable disruption, the candidate may report the circumstances in writing (supported by a medical certificate or other proper evidence) to the Registrar, whereupon the Dean of the Division providing any unit which the candidate has discontinued may determine that the candidate be not recorded as having failed in the unit and the candidate's record is endorsed with the letter "W" denoting "Withdrawn".

(2) Subject to Rule 12(1), if a candidate has discontinued all the units in the program of study the candidate is not permitted to enrol again except with the permission of the Academic Senate.

(3) A candidate whose record in a unit has been endorsed with the letter "W" or the grade "F" may, if the candidate has not been excluded therefrom pursuant to Rule 14, re-enrol in such unit in a later year provided that such enrolment is subject to the provision of Rule 4, including any limitation imposed upon the enrolment in that unit. A candidate re-enrolling shall not receive credit for any work previously performed in that unit.

(4) For the purposes of this Rule:

- (a) a candidate may be deemed by the Registrar to have discontinued:

- (i) all the units in the program of study if the candidate fails to confirm enrolment by the date specified by the Registrar;

- (ii) any unit, if, in the opinion of the Dean of the Division providing the unit, the candidate has abandoned that unit;

(b) the effective date of discontinuance of a unit is the date of receipt by the Registrar of written notification from the candidate, provided that in special cases the Registrar may determine a different date.

- (i) Where a candidate discontinues a unit which was being undertaken at another tertiary institution as part of the program of study the candidate's record is endorsed as follows:

F denoting "Failed" if the candidate is deemed to have failed the unit by that institution; or,

W denoting "Withdrawn" if the candidate is deemed not to have failed the unit by that institution; provided that if the candidate is deemed not to have been effectively

enrolled in the unit by that institution, the unit is deleted from the candidate's record.
